Date Summary

Prepared:

Device:

June 21, 2012

Trade Name:

Sunetics LaserBrush

Common/Classification Name:

Laser, Comb, Hair Product Code OAP

21 C.F.R. § 890.5500 (Infrared lamp)

Classification:

Class II

Predicate

HairMax LaserCombs - models: Advanced 7, Lux 9, Professional 12

Device:

Lexington International, LLC K110233, K103368, K112524

Device

Description:

The Sunetics LaserBrush consists of a handheld low-level laser device intended to promote hair growth. Depending upon the Sunetics LaserBrush model, the device provides distributed laser light using seven (7), nine (9), or twelve (12), collimated, 650 nm, <5 mW laser modules, while brush bristles simultaneously part the user's hair to ensure that the laser light reaches the

user's scalp.

Intended Use:

The Sunetics LaserBrush is indicated to treat Androgenetic Alopecia, promote hair growth and prevent further hair loss in males who have Norwood Hamilton Classifications of IIa to V and Fitzpatrick Skin Types I to IV & also in females who have Ludwig (Savin) I-4, II-1, II-2, or frontal patterns of hair loss & Fitzpatrick Skin Types I to IV.

Technological

Characteristics:

The Sunetics LaserBrush has the same intended power, wavelength, energy source, laser beam pattern, laser treatment field, consumer usage focal point, energy delivery, power supply, treatment time, indication for use, and target

population as the Hairmax LaserComb.

Biocompatibility

Data:

Not applicable.

Performance

Data:

The laser wayeth length, average and peak power levels, laser treatment field and energy delivery of the Sunetics LaserBrush and the Lexington Hairmax LaserComb were substantially equivalent.

Conclusions:

The performance data discussed above demonstrate that the Sunetics LaserBrush device is as safe and effective as the predicate device.

Trade/Device Name: Sunetics LaserBrush Regulation Number: 21 CFR 890.5500 Regulation Name: Infrared lamp Regulatory Class: Class II

Product Code: OAP Dated: June 05, 2013 Received: June 11, 2013

Dear Mr. Carullo:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration. Please note: CDRH does not evaluate information related to contract liability warranties. We remind you; however, that device labeling must be truthful and not misleading.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the <u>Federal Register</u>.

Please be advised that FDA's issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies. You must comply with all the Act's requirements, including, but not limited to: registration and listing (21 CFR Part 801); medical device reporting (reporting of medical

device-related adverse events) (21 CFR 803); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820); and if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801), please go to http://www.fda.gov/AboutFDA/CentersOffices/CDRH/CDRHOffices/ucm115809.htm for the Center for Devices and Radiological Health's (CDRH's) Office of Compliance. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21CFR Part 807.97). For questions regarding the reporting of adverse events under the MDR regulation (21 CFR Part 803), please go to

http://www.fda.gov/MedicalDevices/Safety/ReportaProblem/default.htm for the CDRH's Office of Surveillance and Biometrics/Division of Postmarket Surveillance.

You may obtain other general information on your responsibilities under the Act from the Division of Small Manufacturers, International and Consumer Assistance at its toll-free number (800) 638-2041 or (301) 796-7100 or at its Internet address http://www.fda.gov/MedicalDevices/ResourcesforYou/Industry/default.htm.

Sincerely yours,
